

BRING THE WORLD TO YOUR HIGH SCHOOL

Oregon high schools are counting on ICES to bring exchange students to their hallways to share culture, friendship and a love of America! Their dream is to experience "True America" by living with a host family, attend high school and joining in on school clubs, sports and developing true friendships that will last a lifetime. High school will be starting soon and the time is now to inquire about hosting one of these amazing student for next school year! We invite you to visit www.icesusa.org/meet-our-students/ to review the profiles of students waiting to join your family!

For more information about the benefits of hosting, please contact ICES Regional Director Kari Hampton at khampton@icesusa.org or 503-724-2308.
Thank You!
